

What's a Parent to Do?

Helping Your Child Overcome an Eating Disorder

Deborah M. Michel, PhD, CEDS
Director, The Woodlands Eating Disorders Center

This seminar is intended to help parents better understand the factors (biological/genetic, psychological, and environmental), which contribute to the development and maintenance of eating disorders as well as learn more about how to promote recovery in the treatment process. There will be time at the end for parents to ask questions and share their experiences.

Date: Saturday, April 28, 2012

Time: 9 am to 12 noon

Place: The Woodlands Eating Disorders Center

Fee: \$150 per family

To register or for more information, please contact Dr. Michel at 281-465-9229, Ext. 100, or dmichel@woodlandsedc.com. Seating is limited and registration is required.
